

IAVANTE - Fundación Progreso y Salud

# INTERNATIONAL COURSE OF HEAD AND NECK DISSECTION

Endorsed by the European Study Group for Functional Laryngology

**GRANADA, SPAIN**

15<sup>th</sup>-16<sup>th</sup>-17<sup>th</sup> November, 2017

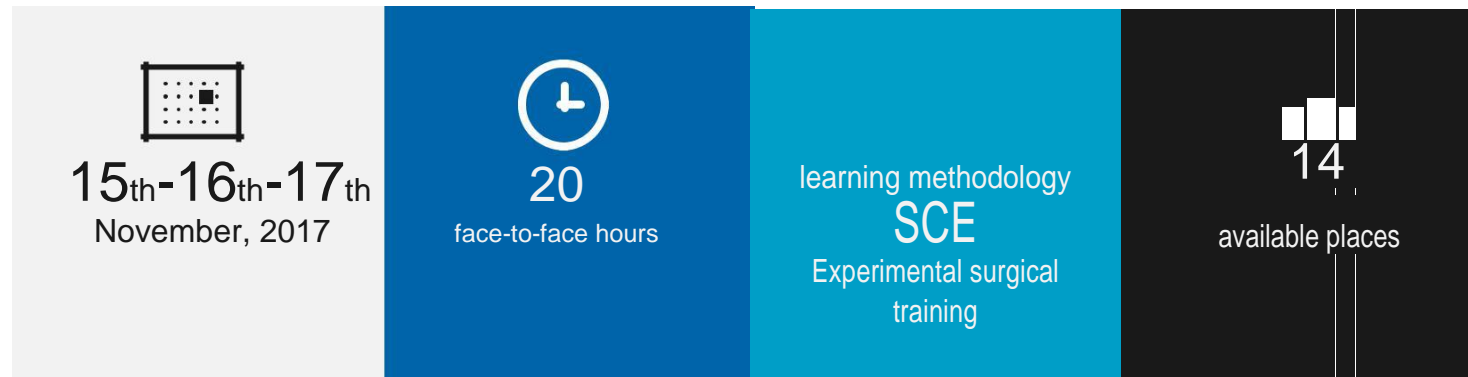

Fundación Progreso y Salud  
CONSEJERÍA DE SALUD

IAVANTE  
Formación y Evaluación de  
Competencias Profesionales

**EGFL**

## DESCRIPTION

3 days hands-on course that will be performed in a simulated surgical scenario. Students will train the main surgical procedures and techniques in the field of head and neck dissection.

This training event allows you to learn and develop each of the steps and technical gestures through face-to-face methodology and surgical training on animal and cadaver bioreactives, biological optimum models for the training process.

## OBJECTIVES

### GENERAL OBJETIVE

Be able to apply the neck dissection in human pathology.

### SPECIFICS OBJETIVES

- Know the basic instruments used for cervical surgery.
- Learn to perform different surgical approaches on bioreactive: parotidectomy submaxillectomy, tracheotomy, thyroidectomy, cervical lymph node dissection, thyroplasty, partial and total laryngectomy.
- Acquire technical skills of neck dissection.
- Perform all the most common surgical approaches for cervical surgery.

## SURGICAL STATIONS

7 surgical stations - (animal/corpse model)

## AIMED TO

Resident doctors and specialists in otolaryngology, plastic and maxillo-facial surgery.

## TEACHING TEAM

- Olóriz, J. Granada. Spain
- Gavilán, J. Madrid. Spain
- Castro, A. Madrid. Spain
- Olias, J. Lisbon. Portugal
- Lawson, G. Yvoir. Belgium

## OFFICIAL LANGUAGES

English - Spanish.

## DAY 1 November 15<sup>th</sup>

Time Sessions/Learning Units

09:00 COURSE PRESENTATION

09:30 WORKSHOP:

Parotidectomy

10:00 DISSECTION PRACTICE (specimen):

Parotidectomy (specimen)

11:30 COFFE BREAK

12:00 WORKSHOP:

Functional Neck Dissection

12:30 DISSECTION PRACTICE (specimen):

Functional Supraomohyoid Neck Dissection  
and Submaxillectomy

14:00 LUNCH

15:15 WORKSHOP:

Total Laryngectomy.  
Robotic Laryngectomy.  
Voice prosthesis.

16:00 DISSECTION PRACTICE (specimen):

Total laryngectomy

17:30 CULTURAL ACTIVITIES

## DAY 2 November 16<sup>th</sup>

Time Sessions/Learning Units

08:30 LECTURE:

Principles in partial laryngectomies.

09:00 LIVE SURGERY

14:00 LUNCH

17:00 DISSECTION PRACTICE (animal biorreactive):

Horizontal partial laryngectomies.  
Vertical partial laryngectomies.

21.30 COCKTAIL

## DAY 3 November 17<sup>th</sup>

Time Sessions/Learning Units

09:00 WORKSHOP:

Peculiarities of the animal model  
Animal Functional neck dissection

10:00 WORKSHOP:

Pectoralis myocutaneous flap

11:00 DISSECTION PRACTICE (live animal biorreactive):

Tracheotomy - Functional neck dissection

14:00 LUNCH

15:30 DISSECTION PRACTICE (live animal biorreactive):

Total laryngectomy - Pectoralis myocutaneous flap

18:00 END

## A CREDITATION

This training event will be accredited by the Continuous Training Commission into the Spanish National Health System through the Agency for Healthcare Quality of Andalusia (ACSA).

Accreditation at European level requested to the European Accreditation Council for CME (EACCME).

## VENUE

IAVANTE Medical Simulation Centre (CMAT).  
Granada - Spain.

The CMAT simulation centre, headquarters of the IAVANTE Area, is a showcase for groundbreaking medical training where IAVANTE provides the most advanced simulation techniques applied to training and healthcare and also tests new methodologies.
